The Donation Project is supported by caring professional athletes from the NFL and MLB players as well as over 150 organizations, groups and foundations, all branches of the US Military and the Department of Defense. In 8 years, eKnowledge has donated more than 200,000 SAT/ACT programs valued over \$44 million – no profit is created by the donation effort and all proceeds are reinvested to

improve the program.

eKnowledge has received thousands of thank you notes from families just like yours:

"Thank you for your sponsorship. I have two children in high school preparing for the ACT and Sat tests. Without your generous help I could not afford the quality tutorship these programs will provide them. Your assistance is a godsend to my family once again Thank you very much."

The SAT and ACT PowerPrep™ Programs are available online or on a single DVD. Programs include more than 11 hours of video instruction and 3000 files of supplemental test prep material, thousands of interactive diagnostic tools, sample questions, and practice tests Students select the training they need and study at their own pace.

- The ACT is a curriculum-based test that covers English, reading, math and science. The test is all multiple-choice with an optional writing section which is not scored.
- The SAT is designed to test a student's problem solving and thinking skills. It does not directly test a student's knowledge of reading or math. Science is not covered on this test. The SAT is part multiple choice and part writing.
