The SAT/ACT Project waives 100% of the retail cost (\$199 to \$249) of all STANDARD version programs and 75 to 93% of all other programs and services (\$299 to \$1,575). **For Standard Programs there is a nominal per program student fee that ranges between \$17.55 and \$19.99.**

These Student Fees help defray the cost of materials, streaming, customer and technical support & updates.

100% of all revenues are reinvested to improve the program and extend the reach to more students and families around the world. There is no profit generated by this project.

"I realize the critical importance of a good education; it is an honor to lend my support to the eKnowledge Partnership to help students with their college preparations".
